

## Labouring (preparation for CSCS)

Working with experienced tradespeople you will learn essential skills needed to undertake your CSCS test.

In addition you will:

- Work in a real environment, completing real labouring tasks
- Learn how to keep yourself safe
- Study vocational qualifications
- Improve your mathematics and English skills
- Develop skills in;
  - \* General site maintenance
  - \* Painting and decorating
  - \* Plumbing fundamentals
  - \* Basic joinery and construction

This course will prepare you for the Labourers CSCS Card test and offer you opportunities to specialise in a trade.

If you want to develop skills as a labourer, like working on different projects and have a positive attitude this course is just for you.
