

## Work Based Learning

We take our responsibility for preparing learners for employment seriously by offering them the opportunity to develop work-based skills, abilities and competencies. Our Work Based Learning Pathway is suited to those learners who do not like accessing a college or classroom environment.

Learners will undertake Work Based Learning at an employers premises for around 3-days per week, supported by one of our Job Coaches and monitored by a Pastoral Tutor, who will meet with learners and employers to ensure programmes of study and personal progress is on track.

Along with developing professional work experience, learners will be supported to achieve industry recognised qualifications.
