

APPERKNOWLE FARM

Apperknowle Farm is located in the small village of Apperknowle and has over 7 acres of land from which we deliver our animal care and horticulture curriculum.

Our Farm is cared for by the learners of Landmarks, who look after the animals, grow & harvest produce, and develop skills, knowledge, and behaviour working in this practical environment. All of the produce grown will be used at the Colleges' Bistro and The Archer.

WHY CHOOSE US?

Landmarks Specialist College has a curriculum that is engineered to meet the longer-term needs of our learners. It is not just about the journey, but the destination and as a learner of Landmarks, you will be supported to develop the skills you need to lead the adult life you want. 'Managers have ensured that study programmes are carefully designed to meet the needs of each learner'. (Ofsted 2018)

Learners that access Apperknowle Farm will learn how to gain work-related and vocational skills in a real-work, simulated environment, enhance personal, social and employability skills, as well as developing inter-personal skills such as communication, independence and socialising with peers and colleagues.

OUR PATHWAYS

We offer two main Pathways:

Developing Independence has been designed to support our learners to become as independent as possible in preparation for the adult life they desire.

Employability Pathway offers learners the chance to work in real-life working environments and further their vocational knowledge with the aspiration of gaining supported, voluntary or paid employment.
