OUR PATHWAYS

We offer two main Pathways:

Developing Independence has been designed to support our learners to become as independent as possible in preparation for the adult life they desire.

Employability Pathway offers learners the chance to work in real-life working environments and further their vocational knowledge with the aspiration of gaining supported, voluntary or paid employment.

WHY CHOOSE US?

Landmarks Specialist College has a curriculum that is engineered to meet the longer-term needs of our learners. It is not just about the journey, but the destination and as a learner of Landmarks, you will be supported to develop the skills you need to lead the adult life you want. 'Managers have ensured that study programmes are carefully designed to meet the needs of each learner'. (Ofsted 2018)

Our curriculum is very practical, one day you could be climbing as part of your Duke of Edinburgh Award, the next preparing meals at our Bistro, or working with one of our many employer partners who treat you like adults and work with you to master the skills you need for your future.
