

## What to do if I feel unsafe ...

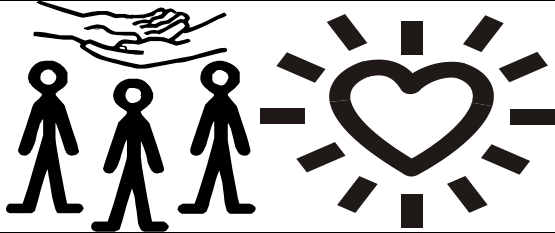

Sometimes I might feel unsafe.

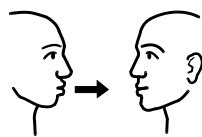

It is **good** to tell **people** if I feel **unsafe**.

If I feel unsafe I should try to **tell a member of staff**.

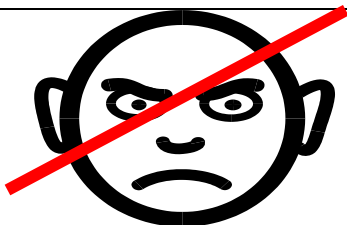

I can tell a member of staff I like.

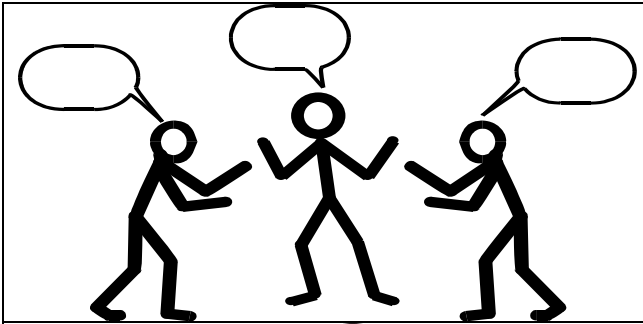

I could tell...

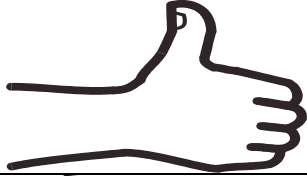

---

I will **not** be in **trouble**.

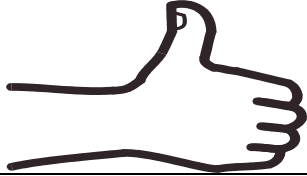

Staff might have to **tell** other people to keep me **safe**.

**This is okay.**

If I tell people they can **help** me.

This will be okay!
