**Scope and Purpose**

This policy is for use by all employees, volunteers, and governors of Landmarks Specialist College (LSC). The college has a legal and professional obligation to safeguard its learners. This policy is to provide:

- Definitions of safeguarding.
- Types of abuse.
- Direction and guidance on how to recognise and respond to safeguarding concerns.

**Roles and Responsibilities**

Within LSC, the following staff members have specific roles related to safeguarding:

- Designated Safeguarding Lead (DSL): Katie Simpson (Director of Learner Welfare and Progression)
- Designated Safeguarding Officers (DSO):
  - Larry Brocklesby (Principal)
  - Louisa Holmes (Safeguarding and Learner Welfare Officer)

## Policy 1.6 – Safeguarding Adults

- Emily Lang (Director of HR and Core Services)
- Darren Mitchell (Personal Tutor and General Manager of The Archer)
- Kayleigh Searston (Personal Tutor)
- Dean-Turner Moss (ICT Manager, CEOP Ambassador)
- Natalie Hall (Assessment Officer)
- Elizabeth Walker (Transition Officer, CEOP Ambassador)
- Rebecca Plant (Integrated Therapies Manager/Occupational Therapist)
- Clare Connolly (Director of Quality)
- Nominated Safeguarding Governor:
  - Paul Battiste (Chair of Governors)

Within LSC there are various levels of responsibility for safeguarding dependant on the roles listed above – for a full and comprehensive list of these responsibilities, please refer to Part Two within Keeping Children Safe in Education (2023). It is important to note however that **all** adults working with or on behalf of learners, including those in non-learner facing roles, have a responsibility to safeguard and promote their welfare. **All staff** will receive safeguarding training at induction, receive two-yearly online training, and staff will also receive updates from the safeguarding team throughout the year. **All staff** have the responsibility of reading this policy and Part One of Keeping Children Safe in Education (2023) – all staff **must** read and sign to acknowledge their understanding of 'Part One' through Databridge.

### **Who Are We Safeguarding?**

This policy applies to the safeguarding of adults aged 18 and over who: have care and support needs meeting the conditions below, as defined by the Care Act (2014); is experiencing, or at risk of, abuse and neglect; or as a result of care and support needs is unable to protect themselves from the risk of abuse or neglect.

### Conditions for Care and Support Needs

When determining eligibility for care and support needs under the Care Act (2014), local authorities must consider the following three conditions:

*Condition 1 - The adult's needs for care and support arise from or are related to a physical or mental impairment or illness and are not caused by other circumstantial factors.*

This includes if the adult has a condition as a result of physical, mental, sensory, learning or cognitive disabilities or illnesses, substance misuse or brain injury.

*Condition 2 - As a result of the adult's needs, the adult is unable to achieve two or more of the outcomes specified in the regulations and outlined in the section: ['Eligibility outcomes for adults with care and support needs'](#).*

*Condition 3 - As a consequence of being unable to achieve these outcomes, there is, or there is likely to be, a significant impact on the adult's wellbeing, determining whether:*

### Policy 1.6 – Safeguarding Adults

- the adult's needs impact on at least one of the areas of wellbeing in a significant way or
- the cumulative effect of the impact on a number of the areas of wellbeing means that they have a significant impact on the adult's overall wellbeing.

(Source: [SCIE, 2023](#))

### **Six Principles of Safeguarding Adults**

The following six principles from the Care Act (2014) informs the way in which staff should work with adults:

1. Empowerment – Learners are supported and encouraged to make their own decisions and give informed consent where appropriate.

*"I am asked what I want as the outcomes of the safeguarding process and these directly inform what happens."*

2. Prevention – It is better to take action before harm occurs.

*"I receive clear and simple information about what abuse is, how to recognise the signs and what I can do to seek help."*

3. Proportionality – The least intrusive response appropriate to the risk presented.

*"I am confident that staff will work in my best interests, as I see them, and they will only get involved as much as needed."*

4. Protection – There is support and representation for those in greatest need.

*"I get help and support to report abuse and neglect. I get help so that I am able to take part in the safeguarding process to the extent to which I want."*

5. Partnership – Local solutions through services working with their communities.

*"I know that staff treat any personal and sensitive information in confidence, only sharing what is needed. I am confident that professionals will work together with me to help me."*

6. Accountability – There is accountability and transparency in delivering safeguarding.

*"I understand the role of everyone involved in my life, and so do they."*

### **Making Safeguarding Personal**

Making safeguarding personal enables safeguarding to be done with, not to, people – *"no decision about me, without me."*

### Policy 1.6 – Safeguarding Adults

This initiative aims to develop a person-centred and outcomes focused approach to safeguarding; the adult concerned must always be at the centre of safeguarding enquiries, with their views and wishes gained at the earliest opportunity.

When applying these principles at LSC,

1. Consent **must** be sought by learners aged 18 and over before a safeguarding referral is made **unless**:
  - a. The individual is deemed to lack capacity to consent to the referral, following a capacity assessment (please refer to the Mental Capacity Act, 2005).
  - b. There is risk of immediate harm or abuse, or if a crime is suspected.
2. Learners will receive accessible information about what happens when a safeguarding concern is raised.
3. Learners will be supported to make a decision about what they would like to happen next, when a safeguarding concern is made.
4. The learner will be kept informed about a referral and involved in any further decision making.

### **Definitions of Abuse**

Abuse is a violation of an individual’s human and civil rights by any other person(s) which may result in significant harm. It may be a single act, repeated acts, an act of neglect, or a failure to act or multiple acts (Care Act, 2014). Types of abuse are variable and may be described as:

#### Physical Abuse

This includes injuries which are not explained satisfactorily or where there is concern that the injury was inflicted intentionally. Pushing, shaking, pinching, slapping, punching and force-feeding could come into this category depending on the circumstances in which they occurred.

Physical abuse can also include situations where people are caused unreasonable physical discomfort through the withholding of care or the application of inappropriate techniques or treatment. Deprivation and forcing of food and water and involuntary isolation and confinement (e.g. inappropriate methods of restraint) can be physical abuse. Physical abuse can include forcing of prescribed or non-prescribed medication against the person’s will or covertly medicating without a Deprivation of Liberty Safeguards (DoLS) authorisation and best interest plan.

#### Sexual Abuse

Sexual abuse is the involvement of a person in sexual activities or relationships that either they do not want, have not consented to or they cannot understand; this may include

### Policy 1.6 – Safeguarding Adults

inappropriate looking/touching, sexual harassment, sexual photography, subsection to pornography or witnessing sexual acts, indecent exposure, sexual teasing, innuendo, sexual assault and rape.

#### Psychological Abuse

Psychological abuse includes the use of verbal and physical threats, fears of bribes to negate an adult an individual’s choices and independent wishes; cause isolation or over-dependence; and/or prevent an individual from using services which would otherwise aid and extend them.

Psychological abuse includes intimidation, humiliation, shouting, swearing, emotional blackmail, bullying and the denial of basic human and civil rights (including choice and opinion, privacy and dignity and allowing people to follow their own spiritual or cultural beliefs or choice about their own sexuality).

#### Neglect or Acts of Omission

Neglect is abuse by omission. It can include ignoring medical, emotional or physical care needs, failure to provide access to appropriate health, care and support or educational services. It can also involve withholding the necessities of life, such as medication, adequate nutrition and heating. Neglect can be intentional or unintentional.

#### Discriminatory

A violation of human and civil rights by any other person or persons. This is abuse which is racist or sexist in nature or about a person’s disability or sexuality. Discrimination includes any form of harassment or bullying. There is some cross-over with other forms of abuse.

#### Organisational

When the lifestyles of individuals are sacrificed in favour of the rituals, routines and/or restrictive practices of the home or care setting. Care may not be individualised, rules may be used inappropriately, and there may be a lack of stimulation.

#### Self-Neglect

A wide range of behaviour such as neglecting to care for personal hygiene, health or surroundings. This could include hoarding, failure to complete personal care or attend to own health needs.

#### Domestic Abuse

Incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse by someone who is or has been an intimate partner or family member regardless of gender or sexuality.

#### Modern Slavery

Policy 1.6 – Safeguarding Adults

Traffickers and slave master use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment. Including human trafficking, forced labour, domestic servitude and sexual exploitation.

Financial Abuse

This involves an individual’s resources being inappropriately used to the advantage of another person. It includes the withholding of money or inappropriate or unsanctioned use of a person’s money or property, usually to the disadvantage of the adult to whom it belongs.

**The Prevent Duty**

The Prevent Duty is a part of the UK’s counter-terrorism strategy that aims to prevent terrorist attacks before they occur, by preventing individuals vulnerable to radicalisation from being drawn into performing terrorist acts.

What makes someone vulnerable to radicalisation?

Low self-esteem	Victimisation	Guilt	Loss
Lack of trust	Isolation	Family breakdown	Mental health
Sense of worth	Social exclusion	Fear	Lack of purpose
Unemployment	Political grievances	Peer pressure	Anger/desire for revenge

Potential signs of radicalisation:

- Isolating themselves from family and friends, or changing their circle of friends
- Unwilling or inability to discuss their views (or the opposite)
- Increased levels of anger
- A sudden disrespectful attitude towards others
- Talking as if from a scripted speech
- Increased secretiveness, especially about internet use
- Accessing extremist material
- Sympathetic to extremist ideologies and groups
- Embracing conspiracy theories

**Signs of Abuse**

What to look for (these are examples and not an exhaustive list):

## Policy 1.6 – Safeguarding Adults

### Physical signs

- Bruising, including bruising in well protected areas, e.g. the inside of the thighs or upper arms or bruising at different stages of healing
- Burns, especially if in unusual places
- An injury similar in shape to an object
- Unexplained fractures
- Under or overuse of medication
- Unexplained weight loss
- Unkempt appearance, for example, unshaven, inadequate or dirty clothing

### Psychological/Behavioural signs

- Appearing depressed, frightened, withdrawn, agitated, anxious or aggressive
- Sudden withdrawal from previously liked activities
- Self-isolation (when it is unusual for the individual)
- An unexpected/unexplained change in behaviour
- Loss of appetite
- Sleeplessness or nightmares
- Increase in inappropriate or seductive behaviour
- Mimicking of explicit sexual activity
- Self-injury
- Aggression to one particular person

## **Whistle Blowing**

A whistle blower is someone who discovers something that is wrong and alerts their employer or the relevant authorities to what is going on. If a member of staff sees abuse (or what appears to be abuse), they should report to either HR or the Designated Safeguarding Lead (DSL) and explain the concerns. If the member of staff is not satisfied with their response, or if the DSL is seen to be colluding with inadequate care, the member of staff is expected to report the concern to the Principal. The first concern has to be the protection and safety of the individual, who is vulnerable and may need the staff to voice concern on their behalf.

The law protects whistle blowers from their employer subjecting them to detriment or dismissal because of their having “blown the whistle” and from detrimental treatment by their colleagues. To be protected by the law, the act of whistleblowing must fall within the legal rules and the whistle blower must reasonably believe that their disclosure of wrongdoing is made in the public interest.

Any person who criticises or victimises a bona fide whistle blower will be liable to disciplinary action.

### Summary of Safeguarding Whistle-Blowing Action to be Taken by Staff:

If staff suspect or come across a case of abuse, they should:

### Policy 1.6 – Safeguarding Adults

1. Ensure the victim is safe and removed from danger, IF A CRIME IS SUSPECTED YOU MUST CALL 999 IMMEDIATELY.
2. Do not contaminate any evidence particularly if you suspect sexual abuse i.e. do not change clothes.
3. Inform the Designated Safeguarding Lead immediately and ask for guidance on how to proceed.
4. Unless an individual wishes it, never discuss the matter with them if others are present, as they may be too afraid or ashamed to talk.
5. Never discuss concerns with a possible abuser at any stage. This might put the individual at risk and could lead to further problems.
6. Always respect the needs and wishes of the individual who might be the victim of abuse.
7. Be sensitive to the religious and cultural background.
8. Never 'cover up' for a colleague who is suspected of being abusive.
9. Always report any incidents or suspicions to the appropriate Designated Safeguarding Lead.
10. Seek advice or support from a professional body or union if you feel in need of advice and/or support when whistle-blowing.
11. Always check that action has been taken.

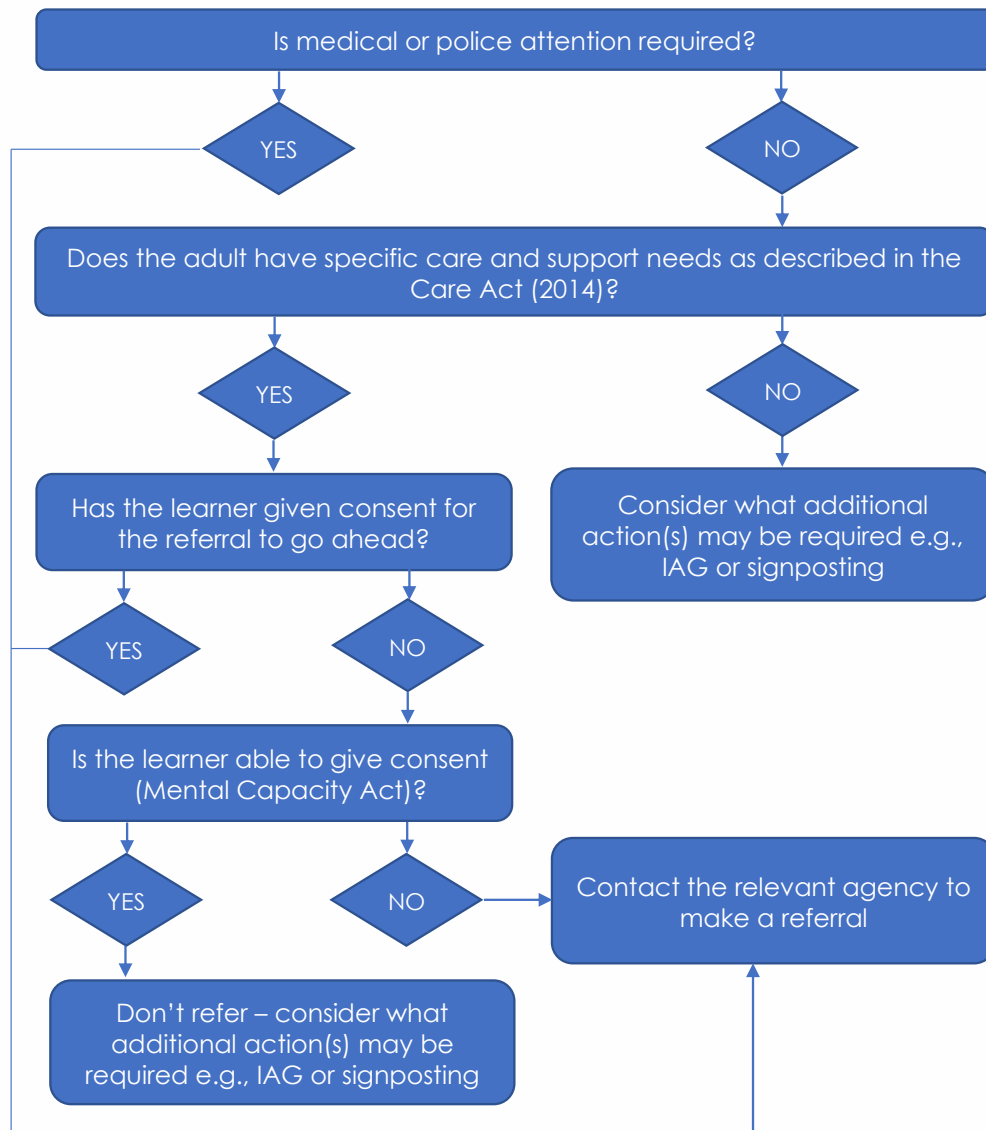

After you have raised a concern, the Designated Safeguarding Lead will decide how to respond which will usually involve making internal enquiries, but it may become necessary to carry out a full investigation which may be formal or informal depending on the nature of the concern raised. We will endeavour to complete investigations within a reasonable time. We will keep you informed of progress and let you know when the investigation is completed. We will not be able to inform you of any matters which would infringe any duty of confidentiality owed to others.

Policy 1.6 – Safeguarding Adults

**Procedure in the Event of Abuse or Suspected Abuse**

- You suspect an adult is at risk from abuse or neglect**
- ASSESS:**  
Assess if anyone is in immediate danger and ensure the immediate safety and welfare of the adult at risk
- RAISE A CONCERN:**  
Contact a member of the safeguarding team without delay. This can be done by calling 01246 433 788 if face-to-face is not possible.
- RECORD:**  
The safeguarding team will advise you on what to enter on the event log.

**The safeguarding team will assess...**

Policy 1.6 – Safeguarding Adults

**How to Respond When a Person Says They Have Been Abused**

It is vital that our actions do not harm the learner further or prejudice further enquiries, for example:

- Listen to the learner - if you are shocked by what is being said, try not to show it.
- It is OK to observe bruises, but not to ask a learner to remove their clothing to observe them.
- If a disclosure is made,
  - Reassure the learner that they have done the right thing in talking to you, and that you will take their concern seriously.
  - Stay calm, the pace should be dictated by the learner without them being pressed for detail by asking leading questions such as “what did s/he do next?” It is your role to listen - not to investigate.
  - Use open questions such as “is there anything else you want to tell me?” or “yes?” or “and?”.
  - Be careful not to burden the learner with guilt by asking questions like “why didn’t you tell me before?”.
  - Acknowledge how hard it was for the learner to tell you.
  - Do not criticise the perpetrator, the learner might have a relationship with them.
  - Do not promise confidentiality, reassure the learner that they have done the right thing, explain whom you will have to tell (the designated lead) and why; and, depending on the learners age, what the next stage will be. It is important that you avoid making promises that you cannot keep such as “I’ll stay with you all the time” or “it will be all right now”.

Recording Information

Following a disclosure, raise your concern with a member of the safeguarding team and make a single entry onto Databridge if instructed to do so:

- Record the date, time, place and context of disclosure or concern, facts and not assumption or interpretation.
- Your name and role should be included.

Reporting

- A Designated Safeguarding Officer will decide whether the concern constitutes abuse and may pass on the allegations to the appropriate multi-agency safeguarding hub, or other relevant professionals, such as the learner’s GP.
- They must keep detailed records of all telephone conversations and actions through updating the Databridge entry; inform the individual’s social worker (if possible) and funding agencies of all individuals concerned in the incident. For those individuals 18 and over who have the mental capacity to make their own decisions, they should be asked whether they want their parents to be informed or not and this should be respected.

### Policy 1.6 – Safeguarding Adults

If the Designated Safeguarding Officer or Lead decides not to refer the concern, the concern will still remain on Databridge as a safeguarding concern to be monitored.

In the unlikely event that you are unable to contact a member of the safeguarding team, report the incident to:

If the abuse or suspected abuse occurred in Nottinghamshire: 0300 500 8090

If the abuse or suspected abuse occurred in Derbyshire: 01629 533190

If the abuse or suspected abuse occurred in Nottingham City: 0300 131 0300

If the abuse or suspected abuse occurred in Rotherham: 01709 822330

If the abuse or suspected abuse occurred in Sheffield: 0114 273 4908

### Other circumstances where an alert should be made

If a staff member becomes aware of any member of staff or their family, or a learner's family, becoming involved in a police investigation, this should be reported to the Designated Safeguarding Lead immediately so that appropriate risk assessments and actions can be undertaken to safeguard the learners. The Designated Safeguarding Lead must report these to the respective agencies.

### **Supporting Learners**

- LSC recognises that a young person who is abused or has witnessed violence may find it difficult to develop and maintain a sense of self-worth. We recognise that in these circumstances, learners might feel helpless and humiliated, and that they might feel self-blame.
- We recognise that college might provide the only stability in the lives of learners who have been abused or who are at risk of harm.
- LSC will support all learners by ensuring the learner is involved with the safeguarding process and any decisions made; supporting individuals who are or thought to be in need or at risk; encouraging self-esteem and self-assertiveness; challenging and not condoning aggression, bullying or discriminatory behaviour; and promoting a caring, safe and positive environment.

### Individual Risk Assessments

All learners at LSC have an individual risk assessment which provide information to support the management of risk in delivering the learner's individual learning programme. The aim is to ensure that the balance of risk against achieving progression remains central to the work of the College, teaching learners to become less vulnerable, more skilled and increasingly independent within the community. Through admission, and regular observations, the College identifies learners who may be considered more vulnerable due to their needs and levels of understanding of potential risks. Personal Tutors update these risk assessments regularly to ensure that the documents remain responsive to learner progression and support requirements. These records include

### Policy 1.6 – Safeguarding Adults

quantifying the level, likelihood, and severity of risks, and what actions the College can take to reduce the risks.

#### Confidentiality

- The personal information about all learners’ families is regarded by those who work in this College as confidential. All staff and volunteers need to be aware of the confidential nature of personal information and will aim to maintain this confidentiality.
  - Please note that safeguarding records are kept securely at the College for 10 years.
- Staff understand that they need know only enough to prepare them to act with sensitivity to a learner and to refer concerns appropriately. The safeguarding team will disclose information about a learner to other members of staff on a need-to-know basis only. It is inappropriate to provide all staff with detailed information about the learner, incidents, the family, and the consequent actions.

Staff must be aware that:

- They cannot promise a learner complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep them or other learners safe.
- Where there are concerns about a learner’s welfare relevant agencies need to be involved at an early stage. If a member of staff or a volunteer has concerns about a learner’s welfare, or if a learner discloses that s/he is suffering abuse or reveals information that gives grounds for concern, the member of staff should speak to their designated person with a view to passing on the information.

#### Supporting learners with mental health concerns:

- Under the Care Act (2014), mental health concerns do not meet the threshold for Multi-Agency Safeguarding Hub support, however LSC still feel that in some cases mental health difficulties can cause concerns to the individual’s welfare.
- Where LSC has a concern about a learner’s mental health, consent will be gained from the learner to refer the learner to additional support, including their GP, or their local community learning disability team.
- Where consent for referrals has not been granted, LSC will support the learner as much as possible to understand their options for additional support.

#### **Working with a Learner’s Support Network**

- Parents and carers play an important role in protecting their young person from harm. The college will support parents/carers to prevent potential safeguarding concerns from arising – or, in the event of a concern being raised, supporting their young person with the outcome of this and what might need to be put in place in the future to support the young person.

## Policy 1.6 – Safeguarding Adults

- The learner’s views will be considered in deciding whether to inform the family.

*"Learners want to be respected, their views to be heard, to have stable relationships with professionals built on trust and for consistent support provided for their individual needs. This should guide the behaviour of professionals. Anyone working with learners should see and speak to the individual; listen to what they say; take their views seriously; and work with them collaboratively when deciding how to support their needs." Working Together 2023*

- The College aims to help parents understand that the College, like all others, has a duty to safeguard and promote the welfare of all learners. The College may need to share information and work in partnership with other agencies when there are concerns about a learner’s welfare.

## **Creating a Safe Environment**

At LSC there are many ways in which we aim to create a safe environment, including:

- Regularly reviewing individualised risk assessments, support and learning plans
- Ensuring safeguarding is discussed in staff meetings, supervisions and appraisals as well as learner meetings such as the Learner Council
- DBS checks
- Internal policies and procedures including complaints, whistleblowing, health and safety
- Regular training including safeguarding and Prevent
- Providing accessible information
- Working and linking with other professionals
- Clear and effective channels of communication

## Suspension or Termination of a Learner’s Programme

Creating a safe environment must also include considerations of when it is necessary to suspend or terminate a learner’s programme in relation to significant safeguarding concerns. LSC reserves the right to suspend the placement of a learner who is being investigated by the police or social care. If a safeguarding allegation against a learner who is the suspected perpetrator is substantiated (for example, a learner was found to be involved in child grooming), a risk assessment must be conducted to assess the appropriateness of the learner returning to the College.

LSC will make every effort to support learners to remain at the College, through targeted education about required topics, signposting to external support services, and adjustments to the learner’s programme. If these risk measures are determined to be insufficient in ensuring the safety of all learners, the ‘Suspension or Termination of a Learner’s Programme’ policy will be followed.

## Professional Development

## Policy 1.6 – Safeguarding Adults

- The governors recognise that all staff and volunteers who work with learners need to have appropriate safeguarding training that equips them to recognise and respond to welfare concerns.
- The College will ensure staff are given mandatory induction training, which includes familiarisation with our safeguarding policy, staff conduct policy, the Safeguarding Team in the College, their responsibilities, and procedures to be followed.
- A report of the College’s training needs assessment is presented to the governors annually so that they can ensure that training is appropriately provided for all staff.
- A training register is kept to indicate when staff and governors have been trained, and this in turn informs the annual report to governors.
- Safer recruitment training has been completed by all management staff.

## Prevention in the Curriculum

- The College recognises the importance of developing learners’ awareness of behaviour that is unacceptable towards them and others, and how they can help keep themselves and others safe.
- The Personal and Social Development curriculum provides personal development opportunities for learners to learn about keeping safe and who to ask for help if their safety is threatened. As part of developing personal skills, learners are taught to, for example:
  - Safely explore their own and others’ attitudes.
  - Recognise and manage risks in different situations and how to behave responsibly.
  - Judge what kind of physical contact is acceptable and unacceptable.
  - Recognise when pressure from others (including people they know) threatens their personal safety and well-being and develop effective ways of resisting pressure, including knowing when and where to get help.
  - Internet Safety.

## **Related Legislation**

If legal advice and services are needed in a Safeguarding Adults investigation, they will be brought in by the lead agency (health or social care). Staff training raises awareness of the legislation that protects staff and the people who use the service including:

### Mental Capacity Act 2005 (MCA)

This sets out very clearly how we assess for capacity and make best interest decisions. The main principles of the act are:

1. A person must be assumed to have capacity unless it is established that they lack capacity.
2. A person is not to be treated as unable to make a decision unless all practicable steps to help him/her have been taken without success.

### Policy 1.6 – Safeguarding Adults

3. A person is not to be treated as unable to make a decision merely because it is seen as an unwise decision.
4. Anything done for or on behalf of a person who lacks capacity must be in their 'best interests'.
5. Anything done for or on behalf of a person who lacks capacity must be the 'least restrictive' of their rights and freedoms.

An assumption about a person's capacity to make decisions cannot be based upon their condition, appearance, behaviour or age. Capacity assessments are decision and time specific – a person cannot be assumed to lack capacity in a general context, only in relation to a specific decision.

The Act also covers the criminal act of wilful neglect or ill-treatment of an adult lacking capacity. This is punishable by up to five years in prison.

The Deprivation of Liberty Safeguards (DoLS) are an amendment to the MCA. They state that it is unlawful to deprive someone of their liberty. In some cases, however, where a person lacks capacity to make decisions about their own care and needs to be deprived of their liberty in order to receive the care they need, a care home or hospital may apply for authorisation to do this.

### Sexual Offences Act 2003

This states it is illegal for a person providing care to engage in sexual activity with someone receiving care.

Those in 'relationships of care' (social workers, GPs, care and education support staff, NHS staff, home care workers, friends who provide care, assistance or services in connection with the person's mental disorder) should not engage in any sexual act with a person within their care.

This applies both to those who do not have capacity to consent, and those who 'may or may not be able to consent to sexual activities but who are vulnerable to inducements, threats or deceptions because of their mental disorder'.

### Human Rights Act 1998

This gives everyone the right to live free from abuse and violence and degrading treatment, under Article 2 – Right to life protected by law

Article 3 – Freedom from torture or inhuman or degrading treatment

Article 5 – Right to liberty and security of person

Article 14 – Freedom from discrimination, including age or disability

### Public Interests Disclosure Act 1998

This protects workers from detrimental treatment or victimisation from their employer if, in the public interest, they blow the whistle on wrongdoing.

Policy 1.6 – Safeguarding Adults

Workers are protected from dismissal and a right not to be subjected to any 'detriment' from their employer if they make a 'protected' disclosure.

To qualify for protection, disclosures must be concerning something that has happened, is happening or is likely to happen in the future such as criminal offence, breach of a legal obligation, miscarriage of justice, danger to health or safety of any individual, damage to the environment.

## Policy 1.6 – Safeguarding Adults Guidelines for Visiting Speakers

Landmarks values visits from speakers that enrich our learners' experience of College, providing them with information that helps them make decisions at different phases of their education, widening their understanding of world and global issues and providing motivational inspiration through the sharing of a speaker's experience. Our responsibility to our learners is to ensure that they can critically assess the information they receive as to its value to themselves, and that the information is aligned to the ethos and values of the College and British Values.

The 'Prevent Duty' statutory guidance requires colleges to have clear protocols for ensuring that any visiting speakers, whether invited by staff or learners, are suitable and appropriately supervised. As per the 'Prevent Duty' guidance, visiting speakers are required to agree to the following terms and conditions:

- The presentation must not incite hatred, violence, or call for the breaking of the law.
- The visiting speaker is not permitted to encourage, glorify or promote any acts of terrorism, including individuals, groups or organisations that support such acts.
- The visiting speaker must not spread hatred and intolerance of any minority group/s in the community.
- The visiting speaker must seek to avoid insulting other faiths or groups, within a framework of positive debate and challenge.
- Visiting speakers are not permitted to raise or gather funds for any external organisation of cause without express permission from the Principal.
- College staff have the right and responsibility to interrupt and/or stop the presentation for any violation of this agreement.

Policy 1.6 – Safeguarding Adults  
*For Landmarks Staff Use Only*

By signing this document, you are confirming that research has been carried out on the Speaker and the organisation(s) they are affiliated to.

Please list research activities undertaken:

Risk Level: Low | Acceptable | Moderate | Extreme

Approved by DSL: Date:

Risk Level	Rating Description
Low	The speaker or guest is a known expert in their field and is not known to be controversial, or to hold controversial views. His/her presence on college premises is not likely to be regarded as provocative in any way. The topic of the talk is not controversial nor is it likely to be regarded as offensive by anyone. Access to the event is limited to Landmarks learners and staff only.
Acceptable	The speaker or guest may hold a strong position on their topic, but this would not be regarded as controversial. The speaker / guest may not have a publicly established reputation in their field. The talk is not likely to be regarded as controversial. It is very unlikely to attract adverse media attention or require security presence. Attendance may be high, but the event is open to Landmarks learners and staff only.
Moderate	The speaker and/or topic may be uncontroversial, but the event is open to non-Landmarks learners and staffs, including the general public and high numbers are likely to attend. The topic may be regarded by some as controversial and this could be a cause for concern even if attendance is likely to be low.
Extreme	The speaker/guest and or topic are highly controversial and will likely attract adverse media attention. The speaker/guest has been refused permission to attend an event at Landmarks and other institutions before. High attendance is expected at the event. The speaker/guest and or topic may attract protest from other learners or outside organisations. Non-Landmarks learners and staff are invited to attend. Security presence would be essential. <b>The event should not take place unless strict controls are put in place to protect individuals and property.</b>

Policy 1.6 – Safeguarding Adults

**Annex 3 – Landmarks Specialist College’s response to Ofsted’s review of sexual abuse in schools and colleges**

Recommendations for school and college leaders from Ofsted’s review of sexual abuse in schools and colleges

School and college leaders should create a culture where sexual harassment and online sexual abuse are not tolerated, and where they identify issues and intervene early to better protect children and young people.

In order to do this, they should assume that sexual harassment and online sexual abuse are happening in their setting, even when there are no specific reports, and put in place a whole-school approach to address them. This should include:

<b>Recommendation</b>	<b>DSL Response</b>
<p>A carefully sequenced RSHE curriculum, based on the Department for Education’s (DfE’s) statutory guidance, that specifically includes sexual harassment and sexual violence, including online. This should include time for open discussion of topics that children and young people tell us they find particularly difficult, such as consent and the sending of ‘nudes’ high-quality training for teachers delivering RSHE routine record-keeping and analysis of sexual harassment and sexual violence, including online, to identify patterns and intervene early to prevent abuse</p>	<p>Since September 2021, the Personal and Social Development (PSD) curriculum sequencing document includes a standard offer in the first term, ensuring that all learners cover sex and relationships as a core topic over the first term. A whole college PSD Day event ensures that all learners have access to information about sex and relationships. Themes are recapped throughout the year.</p> <p>Sexual harassment and abuse will feature as a standing item on the safeguarding team agenda and the board will be notified of issues in the Principals report and at SPEC.</p>
<p>A behavioural approach, including sanctions when appropriate, to reinforce a culture where sexual harassment and online sexual abuse are not tolerated</p>	<p>Where appropriate these are in place. On occasion a learner’s level of understanding and disability can have a contributory factor, especially in relation to capacity, therefore each case will be investigated thoroughly to determine whether this is intended harassment or a disability-linked misunderstanding which may require different sanctioning and support.</p> <p>Accessible documents are available to learners through noticeboards and the college website including ‘what to do if I</p>

Policy 1.6 – Safeguarding Adults

	feel unsafe’ and ‘what happens when a concern is raised’.
Working closely with LSPs in the area where the school or college is located so they are aware of the range of support available to children and young people who are victims or who perpetrate harmful sexual behaviour	Working across different LA’s has resulted in different levels of support, however we are confident of the support available and will utilise it more when delivering the new PSD curriculum. Work is also needed supporting parents and consideration is being given to online training from our CEOP ambassadors to parents as part of our parental engagement work.
Support for designated safeguarding leads (DSLs), such as protected time in timetables to engage with LSPs	Time is available, with a number of DSOs having non-contact time to work with LSPs.
Training to ensure that all staff (and governors, where relevant) are able to: better understand the definitions of sexual harassment and sexual violence, including online sexual abuse and identify early signs of peer-on-peer sexual abuse	All staff including governors have received training about understanding sexual harassment and violence, including online sexual abuse and identifying early signs of peer-on-peer abuse. Training is refreshed annually including online training every two years.
Consistently uphold standards in their responses to sexual harassment and online sexual abuse	LSC developed a <u>college safety plan</u> in response to the guidance which has since been completed, ensuring actions such as staff training and an update of the PSD curriculum sequencing document were completed in a timely manner. A recent Leaders in Safeguarding (2022) review found that, <i>"Senior leaders have developed a comprehensive response to the Ofsted review of sexual harassment and have implemented an action plan to ensure new changes are effective."</i>
