Who We Are

The WayFinder WorkConnect team is dedicated to supporting young adults with learning difficulties and disabilities into meaningful employment.

Learn more:

We help learners on the Employability Pathway build skills, confidence, and overcome barriers to work.

What We Do

We believe in helping businesses tap into a wider talent pool of workers by helping them reflect the community they serve. We support employers to manage the process of appointing staff with learning difficulties or disabilities.

Supported Internships

A Supported Internship is an ESFA-funded work-based programme for adults with additional needs, designed to build real workplace experience and support progression into paid employment. Each intern is supported in the workplace by a dedicated Job Coach who helps them develop skills, confidence, and independence.

FAQ

How much will it cost my business?

The only cost is a small amount of time to provide training for the Intern.

Will it affect my business productivity?

No. The intern is supported every step of the way and we will help if any issues arise.

Will it take up a lot of time for my staff?

Only the same amount of time as with any new starter.

Will my staff be able to manage the Intern?

Yes, they will. Job Coaches will support with integration into your business. We can provide your staff with advice and training if needed.
